

1410.2: Return of Residents

The Supervisor is the agent for authorizing the return of residents of their governmental unit (except persons receiving TANF and AABD) from other states and other governmental units in Illinois.

The authorization to return is made on the basis of the Supervisor's determination that the person(s) involved has residence in the governmental unit or in the State as the case may be.

Accept the client's statement that they reside in Illinois, or within the area served by the GA Unit, unless there is reason to question the information given. If the information is questionable, use the following sources of information:

- observation of living arrangements;
- contact with landlord; and/or
- contact with family or relatives.
