

A Township Board Meeting Gone Bad now available!

One of the programs in demand this fall is the film "A TOWNSHIP BOARD MEETING GONE BAD". This was shown at the Newly-Elected Officials Trainings this summer, and the feedback has been very positive in helping townships discover proper meeting procedures. This film provides four short skits followed by a detailed PowerPoint presentation on what the correct meeting procedures are. The total program takes about 50 minutes and has proven to be a great learning tool both for practical and discussion purposes. The film is now available for purchase. If you are interested in getting a copy for your township, please complete this form. The cost of the film is only to cover the production and mailing expense. A copy of the DVD and PowerPoint presentation is \$10. Order yours today!
