

## **1405.4: County Veterans Assistance Commission**

In counties (other than Cook County) with a County Veterans Assistance Commission, the Superintendent is selected and employees appointed as provided in Section 10 of "An Act to Regulate the Granting of Assistance to Indigent War Veterans and their Families", approved May 25, 1907, as amended. A Veterans Assistance Commission that receives State funds comes under Department of Human Services supervision, to the same extent as other governmental units that receive State funds for GA.
