

PO 110.4: Persons Age 18 and Under (94R)

PR 110.4.

Medical assistance is available to persons age 18 and under who are ineligible for TANF cash because they do not live with a caretaker relative.

Refer persons age 18 and under to the local DHS office for a determination of eligibility for 94R. Persons age 18 and under eligible for 94R are not eligible for GA medical assistance.

Cooperation in the determination of eligibility for 94R is required. Persons who do not cooperate in determining their eligibility for 94R are not eligible for GA medical. Eligibility of a child for Medicaid does not affect the child's or family's eligibility for GA cash. For GA cases with a child eligible for Medicaid, continue to provide GA medical to family members other than the Medicaid eligible child(ren).
