

**Hands Free Cell Phone Law**

Beginning January 1, 2014, the state of Illinois passed a law banning the use of hand-held devices while driving. It will become illegal to use hand-held cell phones and other communication devices while driving in Illinois. Talking will still be allowed as long as the driver is using a headset or a speaker phone built into the car. Fines for holding a cell phone will start at \$75 and go up from there.

**Hands Free Cell Phone Acknowledgement**

I acknowledge that I have read and fully understand the above law. I understand that I must abide by the laws in the state in which I am driving.

I further understand that it is my responsibility to pay all fines that I may receive associated with driving that vehicle.
